Note regarding iOS devices without mobile network connectivity (e.g. some iPads):

In order to register an account a device that is able to receive text messages (SMS) is required. Afterwards, devices lacking mobile network connectivity can be used for day-to-day operations.

Notes regarding Android devices

The above lists only include Android devices that have undergone rigorous testing at BEKEY.

In practice, many of our customers use a variety of other Android devices successfully. In our experience, most devices supporting Bluetooth Smart 4.0 and running Android 4.3 or later are compatible with the current version of the BEKEY SmartLock and BEKEY OrangeBox.

Known incompatibilities

Samsung Galaxy Xcover 3 (also known as Samsung G388F)
