GIVE THEM
MORE THAN
JUST KEYS

Introducing BEKEY SmartLock

Offer your residents the convenience to use their smart phone as a key to their new home.

NETKEY Software

- Easy distribution & management of keys for both residents and manager
- Full event logs to track the ins and outs of each unit
- Peace of mind for both residents and manager that keys cannot be lost
- Save time and money with immediate access/revoking of keys
- Added convenience, luxury and efficiency for residents as they come and go from their home
