

Use your time and money to grow your business.

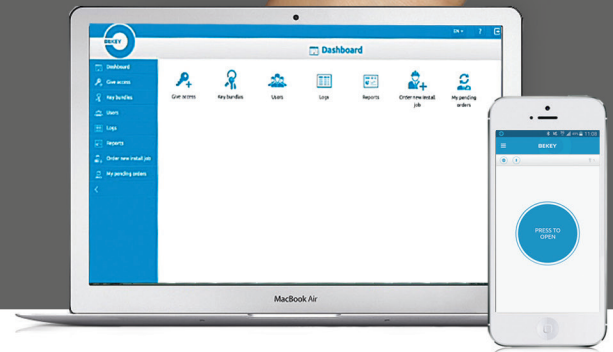

BEKEY Access Control Solutions allows you to experience a more efficient, fast and hassle free access management for all the residential and commercial properties you administrate. [See how](#)

Experience multiple layers of savings.

- Streamline your day-to-day operations. With BEKEY, your employees will not waste their time getting and returning keys or dealing with lost keys.
- All BEKEY products are retrofit solutions, thus no altering or modifications on your doors or gates are necessary.
- Access your data through our cloud-based platform NETKEY. Save time and do everything from your desktop, anywhere, anytime from any computer.

Enjoy added benefits.

- Schedule convenient maintenance and repair jobs with minimum disturbance for your tenants.
- Know at all times who has the "keys", who has accessed the unit, for how long and how often.

All BEKEY products are operated via a Bluetooth® Smart equipped cell phone/tablet, and are secured from unauthorized access through Bluetooth® security standards and strong encryption algorithms used by BEKEY. See a complete list of our products [here](#).

Still unsure if BEKEY is a right fit for the properties you manage?

Contact us now in [Europe](#) or [US](#) and order a test pilot. Our test pilots usually run for 1-2 months and will allow you to see first-hand the benefits that BEKEY products bring to your business.

NETKEY is a cloud-based platform that brings all the products in the same ecosystem and ensures the easy management of users, keys and resources. With API integration, NETKEY is easily embedded in the current system you use.

NETKEY greatly simplifies your daily operations by allowing you to:

- Create and edit users
- Send or delete keys
- Create and edit key bundles
- Gain access to different type of reports: battery status, user logs, address logs etc
- Order installation or removal of BEKEY devices

BEKEY Access Control Solutions will free your time and budget to invest in things that keep your business competitive.
